

Society of Medical Arthropodology
in association with
Department of Biotechnology,
Nizam College (OU), Hyderabad

13th National Conference of Medical Arthropodology **(A fortnightly Webinar series; Vol. 1, No.1)**

"Iconography of an extraordinary league of medical arthropodologists

&

The lessons learned in Public health management under the impact of COVID-19"

20th August 2020 ~

11.00 AM IST

About SOMA (Society of Medical Arthropodology)

The Society of Medical Arthropodology is a non-profit society interested in:

(1) Promoting science of medical arthropodology (incl. medico-entomology, acariology, myriapodology etc.) through:

- (a) the encouragement of understanding, cooperation and friendship among medical arthropodologists throughout the world,
- (b) the encouragement of international collaboration in medico-arthropodological research activities and services,
- (c) the planning and organization of national/ international symposia and regional meetings of medico-arthropodologists,
- (d) the dissemination of information of interest to medico-arthropodologists and others by means of publications,
- (e) the establishment and maintenance of a national research centre, which would house the collections of the Society,
- (f) the encouragement of the development of medico-arthropodologists in regions where it is not strongly represented,
- (g) the maintenance of liaison with other medico-arthropodological institutions, &
- (h) the representation of medico-arthropodologists in other national/ international organizations.

(2) Conservation of arthropods of pharmacological and nutritional importance, and their natural habitats through taxonomic and biodiversity explorations.

The Nizam College-Department of Biotechnology

Established in 1887 by the amalgamation of Hyderabad School and the Madarsa-i-Aliya, Nizam College is one of the oldest and most esteemed institutions of higher education in South India. It was made a Constituent College of Osmania University on 19th February, 1947.

Biotechnology course was introduced at B.Sc. level in 2002 as a Self-Finance Course. The department has received UGC-BSRG grant in 2007-08 and financial assistance from DBT during 2009-10 under "Star Status Scheme". The department has established a well sophisticated lab with the major grants from UGC-BSRG, while DBT allocated funds from CPE-XI plan, 12B, Annual Autonomy Grant and Self-Finance Grant etc.

About the Webinar:

The Society of Medical Arthropodology is, in essence, devoted to disseminating good knowledge about insects and their arthropodan allies having biomedical significance among the young academician and scientists. It is believed that the greatest weapons a researcher can possess is extensive knowledge, critical thinking, and skills to combine the knowledge and the instrumentations to bring out efficiency in research work! A knowledgeable researcher is a great asset to the nation.

History of any science is important. It recounts the events, generally rife with upheavals of varied nature in the scientist's progress to achieve the target, which teach us to never give up and continue to make efforts until arriving the goal. This Webinar Series, designed to portray an amalgamation of historical and advanced modern research developments in medico-arthropodology, aims to help young university and medical college students, scholars and scientists gain knowledge in fundamental and advanced medico-arthropodology, especially vector-borne diseases, with great interest and enthusiasm to stay up to date about the latest knowledge!

Theme:

“Dr Patrick Manson and the discovery of filariasis — mosquito connection: the birth of Medical Entomology”

Speaker:

Prof. Dr B.K. Tyagi

*Emtd. Scientist "G" & Director in-Charge,
CRME (ICMR), Madurai, TN*

&

President, SOMA

as well as

Advisor, SpoRIC, VIT University, Vellore, TN, India

Call for Papers:

Abstracts are invited in the field of Lymphatic Filariasis, incl. vector mosquito research of any kind. An e-document on Abstracts will be prepared for reference. All submitters of textual Abstract (app. 250 words) and Posters, with name and affiliation incl. email ID, must be registered @ dbtnizam@gmail.com

Last date for submission: 16th August, 2020.

Acceptance of the paper will be communicated by 18th August, 2020.

ORGANIZING COMMITTEE

CHIEF PATRON: Sri Arvind Kumar, IAS, I/C Vice Chancellor, Osmania University

PATRONS: Prof. Ch. Gopal Reddy, Registrar, Osmania University

Prof. L.B. Laxmikanth Rathod, Principal, Nizam College

Dr Avinash Jaiswal, Vice-Principal, Nizam College

Conference Coordinator: Prof. Dr B.K. Tyagi,
President, SOMA & Chairman,
Standing Committee for Organization
of SOMA Conferences

Convener: Prof. Dr B. Reddy Naik
Department of Zoology, UCS, Osmania University,
Telangana & Secretary General, SOMA

Organizing Secretary & Host: Dr Sambashiva, D.
Assistant Professor,
Dept. of Biotechnology,
Nizam College, OU, Hyderabad

NATIONAL ADVISORY COMMITTEE

Dr. Ashwani Kumar
Dr Rajni Kant
Dr.R.S. Sharma
Prof.N.Chandrasekaran
Dr D. Dhanasekaran

Dr.Vijay Veer
Dr. Rina Tilak
Prof. Jagbir Singh
Prof.M. Govindraju
Dr.Grace Marin

Dr.Kailash Chandra
Prof.Devinder singh
Dr P.K. Srivastava
Prof. Neera apoor
Dr.E.Pushpalata

Dr Camillo Golgi, winner of the Nobel Prize (1906) once said:

“The more solid scientific knowledge are never conquered with flights of fancy, which can only lead to an appearance of progress, but with minute, methodical, daily work, which leading to the solid acquisition of a single fact, creates the unshakeable knowledge of the laws of life.”

NOTE: SOMA will publish an Abstracts booklet at the end of the Webinar Series in Dec., 2020. The Society will also give away to the best abstracts/posters on original work its various instituted Awards and Prizes, at the end of the Series in Dec., 2020. Names of the awardees will be then announced.

SOMA will bring out a bio-bibliography of Prof. Dr Aparna Dutta gupta on the commencement of the Series in August, 2020.
